

1       **Resolution Supporting a Washington State Investment Trust**

2  
3       **WHEREAS** Washington State Senate Bill 5553 proposes the establishing of a Washington  
4 Investment Trust (a publically owned state bank), and  
5

6       **WHEREAS** this Trust is patterned after the Bank of North Dakota, which receives deposits  
7 from the State of North Dakota, does most of its lending in partnership with local banks and  
8 credit unions, and which has successfully met the banking needs of the businesses and  
9 people of North Dakota since 1919, and  
10

11       **WHEREAS** in the proposed Bill, the Washington State legislature finds that there are  
12 significant unmet public infrastructure needs in the State, and  
13

14       **WHEREAS** the State of Washington currently deposits its revenue funds into a for-profit,  
15 out-of-state financial institution to meet its day-to-day obligations, and  
16

17       **WHEREAS** Washington State’s funds, as well as fees paid to this account, can be used to  
18 benefit shareholders of the for-profit institution in ways that may or may not benefit the  
19 taxpayers of Washington State, and  
20

21       **WHEREAS** the State of Washington also pays interest to for-profit financial institutions to  
22 fund its debt obligations, and again, these interest payments may or may not benefit the  
23 taxpayers of Washington State, and  
24

25       **WHEREAS** a Washington Investment Trust (state bank) will avoid paying transactions fees  
26 to a for-profit bank and assure that money deposited in the Trust will benefit the taxpayers  
27 of Washington State, and  
28

29       **THEREFORE BE IT RESOLVED** that the Democrats of Benton County endorse Senate Bill  
30 5553 (creation of a Washington Investment Trust or state bank), to facilitate investment in  
31 and financing of vital public infrastructure, and  
32

33       **BE IT FURTHER RESOLVED** that the Trust would also allow taxpayers to make deposits  
34 into the Trust and allow these funds to be used to pay State financial obligations, and  
35

36       **BE FURTHER RESOLVED** that any interest earnings in excess of those necessary for the  
37 continued sound operation of the Trust would be deposited to the State’s general fund, and  
38

39       **BE IT FINALLY RESOLVED** that the mission of the Trust is to use the money that  
40 Washington State currently deposits in a for-profit bank in ways to benefit the people and  
41 economy of the State.
