**JOIN THE FIGHT
JANUARY 15**

1815 George Washington Way, Richland, WA

Millions Could Lose Affordable Health Care

You can join the fight by attending the Rally and forwarding this notice to your friends and colleagues. Stand together with people of the Tri-Cities to send a message that everyone deserves health care.

You'll add your voice to millions across the nation on January 15th. Because of the Affordable Care Act, 537,000 people in Washington are now covered by insurance. Maybe you are one of the thousands right here in the Tri-Cities region to get coverage. **The uninsured rate in Washington DROPPED 54% since 2010 because of the ACA.** Bottom line, when you don't have health insurance, you are vulnerable to financial crisis.

Tell Congress repeal and replace sounds hollow. Republicans had 6 years to come up with a better plan.

Don't repeal. Instead, improve the Affordable Care Act. If you don't attend the rally, call to voice your opinions about the Affordable Care Act:
