

1 **Banning Donations from Private Prison Companies**

2 **WHEREAS** the private prison industry in the United States is a multi-billion dollar industry
3 involving approximately 400 companies, 71 of which currently house and supervise immigrant
4 children; and

5 **WHEREAS** private prison corporations enter into contracts with municipalities and the federal
6 government with guarantees that they will receive a minimum “supply” of human prisoners;
7 and

8 **WHEREAS** governmental “must-supply” contracts with private prisons lead to excessive levels
9 of incarceration for non-violent, low-level crimes, unjustly impacting and systematically
10 decimating communities of color; and

11 **WHEREAS** for-profit prisons are not subject to the same oversight that government-run jails
12 and prisons are, and meet profit goals through negligence towards prisoners and maintaining
13 substandard living conditions; and

14 **WHEREAS** the industry spent \$1.6 million lobbying, donating to candidates, and funding
15 super-PACs in 2016, mostly to Republicans, and is on track to spend over a million in 2018; and

16 **WHEREAS** the Immigrations and Customs Enforcement (ICE) agency alone spends more than
17 \$2 billion a year on immigrant detention through private jails, and nearly half of the \$3.4 billion
18 paid to these companies in the last four years went to homes with serious allegations of child
19 mistreatment¹; and

20 **WHEREAS** large private prison firms, reorganized as real estate trusts, have received
21 preferential tax windfalls from the 2017 Republican tax bill²; and

22 **WHEREAS** the above conditions create perverse incentives for driving increased unjust
23 incarceration and exploitation of low-level non-violent offenders, and individuals without
24 immigration or citizenship papers, with adverse effects on their families; and

25 **WHEREAS** the interests of private prisons are, in part, driving opposition to common-sense
26 drug law reforms; and

27

28

29 **WHEREAS** the Obama administration in 2016 announced it was ending incarceration of federal
30 prisoners in private facilities (but not immigration detainees)³, and both 2016
